EMN/SCRIBE: Tracy Sakellis

Date: 09 Feb 22

Page: 2

| Time | Particulars                                                                                             | Review |
|------|---------------------------------------------------------------------------------------------------------|--------|
|      | as possible                                                                                             |        |
|      | - Hamilton doesn't want to show resources waiting for necessary approvals                               |        |
|      | - experienced Pol Commander & planners would be benefit                                                 |        |
|      | - planners could do recce & see what needs to be done & would be able to get there faster than Pol team |        |
|      | Advised OPP is sending 15 Pol & IC tonight                                                              |        |
|      | - unsure if we have Pol commander available - will confirm how many                                     |        |
|      | - commitments to Ottawa                                                                                 |        |
|      | Jay Cravely gave update of current situation                                                            |        |
|      | - escalated at South end - Tecumseh area                                                                |        |
|      | - making demands / threatening a roll out & surround on Police Station                                  |        |
|      | - want North bound lanes opened                                                                         |        |
|      | - we have heavy trucks & buses to prevent that                                                          |        |
|      | Tom advised will call me in the am w ETA & resources                                                    |        |

|------|-------------------------------------------|--------|
| 2224 | Hamilton will reach out to Tom.           |        |
| 1024 | call ended.                               |        |
| 1045 | Call w Jason Grawley for update           |        |
| 2245 | - 3 areas of concern                      |        |
|      | - all within 2-4 km                       |        |
|      | - bridge north of the river               |        |
|      | - original site - Colledge & Huron Church |        |
|      | - perimeter is Hc to Garardo              |        |
|      | - have 2 South Bound lanes - left         |        |
|      | 1 emergency lane open SB on Huron         |        |
|      | Church.                                   |        |
|      | - Tecumseh rd has about 30 cars           |        |
|      | & approx same in people.                  |        |
|      | North side Bridge - 30 cars.              |        |
|      | (UPatricia & wiredot)                     |        |
|      | - will send drone photos once             |        |
|      | received                                  |        |
|      | - total 200 - 250 people                  |        |
|      | - 150 - 200 cars                          |        |
|      | 75 Semis                                  |        |
|      | - current concern is the slow roll        |        |
|      | at Tecumseh threat to swarm               |        |
|      | police Station.                           |        |
|      | Advised - sending 15 POU members          |        |
|      | immediately & 1 IC - Jamie                |        |
|      | Smith                                     |        |
|      | - Advised him to call me if any           |        |

|------|---------------------------------------------|--------|
|      | thing arises overnight                      |        |
|      | Asked if he has been doing a SIT            |        |
|      | Rep.                                        |        |
|      | - Crawley advised no - a supervisory report |        |
|      | - he will send.                             |        |
|      | Advised will have Janni Smith provide       |        |
|      | & walk him through SIT Report.              |        |
|      | Confirmed no vehicles on the                |        |
|      | Bridge?                                     |        |
|      | Confirmed they have eyes on the             |        |
|      | tunnel.                                     |        |
|      | Crawley advised: yes - nothing              |        |
|      | down there - city hall is there             |        |
|      | Asked if they had eyes on the               |        |
|      | crowd                                       |        |
|      | - Crawley advised yes - one got             |        |
|      | burned                                      |        |
|      | - now Reg LeBonte's team POIB               |        |
|      | is in gathering info.                       |        |
|      | - PL7 there as well                         |        |
|      | Advised him I will increase PL7             |        |
|      | presence                                    |        |
|      | - asked if they are monitoring              |        |
|      | operations                                  |        |
|      | - he advised they have 1 analyst            |        |
|      | only - [REDACTED] was active in             |        |
|      | Toronto on Zello chat                       |        |
